THE EUCLID ADMISSION PROCESS – WHAT TO EXPECT

Prospective students must start with the online “Register Now” option.

The online pre-registration is a two step process:

- (1) First, a contact email / user name is associated with a secure password for initial registration in the Euclid database.
- (2) In the next step, you will be requested to enter basic information about yourself. This part of the process takes less than 5 minutes. You are now able to login to your (prospective) student account. Before you can access the main menu, you will be prompted to select your degree program. At this end of this process, an email will be sent with additional instructions and you will be redirected to the main student menu. At this point, if you have not already done so during your inquiry phase, you will be able to download your official program curriculum and syllabus package.

You should then receive an email acknowledgment from Admissions / Faculty Coordinator and/or your assigned Faculty.

In order to be officially admitted and start your first course, the following actions must still take place.

- (1) You must have an admissions interview with an admissions officer or faculty member. You should send an email to admissions@euclid.int with your contact information and preferred time to call (do not forget to indicate your time-zone). You must attach a recent resume to your request for interview. Any official decision is communicated by email.
- (2) You must complete your online student profile (personal, professional, education, technological).
- (3) You must submit evidence of eligibility by emailing or faxing your transcripts to the Euclid Admissions Officer Zone 2 (admissions@euclidconsortium.org)

In general, this means contacting your undergraduate institutions to mail official transcripts to EUCLID. North American institutions may send the transcripts to EUCLID's US office. Institutions from all other regions should send the transcripts to EUCLID's Brussels' office.

You will be able to enroll and start your courses based on your copies, but an official transcript is required (except special cases or when unavailable) within 6 weeks of enrolment.
