Secretary General Ali,

I am responding, by email, to your July 19, 2010 fax to Harry Osgood and Attorney General Janet Mills. I was not able to determine where I should send a letter regarding your request. If you would like to have me send you a paper copy of this email, please send me your mailing address as there are four listed on your letter.

I have removed the references to "Euclid University" from our website per your request. Please let me know if you have any questions.
