INDUSTRY EXPERIENCE:

Economist, AT&T (Nov. 1987 to June 1998):

Dec. 1995 to June 1998: AT&T (International Traffic Management)

Responsible for managing the team that calculated, analyzed, and reported market share for AT&T's international consumer services. Primary clients were AT&T's financial community and product management.

Mar. 1994 to Dec. 1995: AT&T (Consumer Communications Services Pricing)

Calculated, analyzed, and filed with the Federal Communications Commission the price cap impacts of AT&T's rate changes. Made presentations to FCC staff on data used to ensure compliance with price cap regulation.

Oct. 1990 to Feb. 1994: AT&T (Regulated Financial Matters)

In-charge District Manager, July 1992-Dec. 1992

Forecasted industry network traffic. Prepared AT&T's Petitions to the FCC concerning the Local Exchange Carrier's access tariffs. Prepared economic analysis and documentation for the FCC as part of AT&T's rate filings. Made presentations to FCC staff and other industry groups on data and forecasting methodology.

Nov. 1987 to Sept. 1990: AT&T (Market Analysis and Forecasting)

Forecasted network usage by service for AT&T's business plans and the network construction program.

Research Analyst, National Bureau of Economic Research (July 1982 to Sept. 1984):

Constructed, maintained, and updated several databases. Conducted econometric and statistical analysis for several health economics projects (“Determinants of Neonatal Mortality Rates in the U.S.”, “Price Sensitivity of Alcoholic Beverages in the United States”, “Effects of Alcoholic Beverage Prices and Legal Drinking Ages on Youth Alcohol Use”, “Effects of Beer Prices and Legal Drinking Ages on Youth Motor Vehicle Fatalities”.)
