## A message from the EUCLID Secretary-General

### Joint Success...

EUCLID is a rare and remarkable institution in today's world, and we expect you—our potential future student and stakeholder—to be equally rare and outstanding.

We expect you to be persistent, determined to overcome all obstacles to achieve your personal and professional goals.

You should be passionate about your proposed field of study, an avid and fast reader whose aim is to achieve depth of understanding, excellence and quality as a professional and subject-matter expert.

You should be willing (and able) to absorb a vast amount of knowledge and to acquire critical skills in peripheral areas such as IT, marketing and public speaking.

EUCLID has built a bridge that reminds us of the amazing Millau Viaduct in France. This bridge was inaugurated in 2004 and represents a tremendous human achievement. EUCLID, likewise, was launched in 2004 and is now one of the world's few intergovernmental universities with a UN-registered treaty-based charter. Other similar institutions include the United Nations University, the European University Institute, the University of Central Asia and the University for Peace.

From being a mere vision in 2004 to becoming a respected international actor ten years later, we know that the road to achievement requires absolute dedication, an ever-renewed commitment to outstanding service and impeccable moral character.

In short, we seek students who will blend with EUCLID and become life-long stakeholders in our joint success.

### Global Issues, Global Education...

We are an international intergovernmental organization, focused on sustainable economic development and global engagement. Are you?

If news headlines are dominated by institutions that stand out with their exclusive ".int" extension (imf.int, ecb.int, who.int; ".int" domains are restricted to treaty-based organizations), should not your alma-mater also stand out with its ".int" extension and intergovernmental status?

Apart from the institutional aspect, the program documented in this brochure is equally a reflection of this ambitious philosophy: intellectual rigor and openness, excellence in written and oral communication, broad and deep coverage of this vast field of knowledge and practice.

Being accepted in and completing such a program would certainly be a tremendous achievement and an open door to a new realm of possibilities. The question is not simply "Are you qualified?" - it really is: "Are you ready and willing?"

We look forward to this encounter.

Sincerely,

Syed Zahid Ali  
*Secretary-General*

## Overview

The EUCLID MIPA (MSc in International Public Administration) is a distance-delivered, non-resident degree program jointly offered by EUCLID and CAFRAD. EUCLID (Euclid University), is an intergovernmental treaty-based organization serving 12 Participating States globally, and headquartered in Banjul, The Gambia, West Africa. CAFRAD is also an intergovernmental regional organization serving 36 Member States, headquartered in Tangiers.

The MIPA is of particular interest to African students, but exists with three specializations, (1) African Public Administration, (2) Public Administration in Islamic Countries, (3) International Public Administration (non-regional). It is not targeted to US residents pursuing a public administration career in the United States.

## Program Objectives

The goal of this Master's program is to prepare graduate-level experts able to make a notable contribution to the advancement of Public Administration with the ability to engage in the critical evaluation of various policies and experiences.

The purpose of this program is not to train graduates with advanced skills in quantitative studies but rather civil servants and academics with a broad, critical understanding of the principles and applications of Public Administration in various environments.

On account of its low tuition and institutional relationships, it is of special interest to ECOWAS region and CAFRAD-related students.

The EUCLID MIPA stands out as a unique program in the sense that it is the only degree program in this specialized field offered jointly by two intergovernmental organizations chartered to do so.

## Admission Requirements

Applicants must have a Bachelor's degree in

a relevant field or its international equivalent, issued by an institution recognized or accredited by the appropriate public agency or ecclesiastical authority.

Government-sponsored applicants (who are already government staff) may be admitted without a qualifying degree if their level of education and experience is deemed sufficient. EUCLID may require these participants to complete bridge courses prior to enrolling in the MIPA.

Fluency in English (spoken and written) is required and will be tested. Working knowledge of another major language is desirable.

Students are expected to be in a position to dedicate 10 to 15 effective hours of study on a weekly basis.

## Methodology

This program is offered on an asynchronous and open-enrollment basis with occasional sequencing in cohort groups.

The MIPA is personalized for every student and consists in a sequence of courses (academic modules) which are delivered using the following methods / media formats:

- ♦ Standard textbooks
- ♦ DVD lectures / online videos
- ♦ MP3 podcasts and webcasts
- ♦ Internal EUCLID course packs
- ♦ Moderated conference calls

Typically, a course consists of 7 periods which logically organize and sequence the assigned materials that are to be studied on an individual basis. Courses assignments include (1) response papers after each study period (2) the composition of academic papers based on the textbooks, (3) the creation of a quiz which should demonstrate the student's grasp of the subject-matter scope and particulars.

Students are often connected in “pairs” or “trios” which allows them to interact and exchange on their coursework while moving along in the program at their own pace.

Each course is capped by an extensive 45-minute long oral examination (typically done using Skype) which allows the supervising instructor to enter the composite final grade.

Overall, this program emphasizes the ability to understand systemic interactions as well as to express logical, respectful and persuasive arguments by means of publishable academic papers. At the same time, respect for the diversity of political values is emphasized in view of the institution’s public status.

The ability to write structured, logically-flowing, professional, journal-grade papers is one of the essential objectives of this program. All students must complete the program having acquired and demonstrated graduate-level expertise in a specific aspect of public administration that will be of lasting interest to academia, government or the private sector.

The curriculum also calls for the ability to present oral reports or lectures (webcasts), delivered to the course tutor in MP3 or video format.

- ## Administration

à Master's (MSc) in International Public Policy

Because EUCLID was established to train active diplomats and government staff, our students can be assured that their peers and fellow alumni will form a high-level network.

Credit values are expressed both in terms of USCH (US credit hour) and ECTS (European Credit Transfer System). Typically, 14 hours of classroom instruction over the course of 1 semester represents 1 USCH or 1.5-1.7 ECTS (plus self-study time), which is converted to the equivalent amount of study in the context of a distance program.

The total credit value for the completed DIFE, according to international standards, is 90 USCH / 150 ECTS (beyond the bachelor's).

EUCLID (Pôle Universitaire EUCLIDE / Euclid University) is an intergovernmental organization with a university charter established by multilateral treaty in 2008. The treaty itself is registered and published in full by the United Nations Treaty Section with certificate references I-49006/49007.

As indicated by a United Nations letter (0218/RCA/MP/ONU-12), EUCLID (and the UN-related institutions including the United Nations University, the European University Institute, the World Maritime University, and the IMO International Maritime Law Institute) are recognized by the United Nations and UNESCO as “being accredited.”

It is one of the few universities that enjoying international law accreditation or validation by multiple governments spanning 3 continents (Americas, Africa, Asia-Pacific). EUCLID has full diplomatic status in its headquarters State (The Gambia) by agreement with the Ministry of

Foreign Affairs, as well as university status by agreement with the Ministry of Higher Education. These agreements are also filed with the United Nations Treaty Section.

EUCLID's institutional and program accreditation is also confirmed by 4 agreements signed with other intergovernmental organizations (ICCI, ECOWAS, CAFRAD, LLPI).

This graduate program specifically follows international guidelines for a master's degree, and it is fully documented to facilitate international transfers. A standard EU 'Diploma Supplement' is available upon request after graduation.

## Language Requirements

All students must be fluent in English and should consider becoming conversant in French, Spanish, Arabic, Chinese or another major world language in addition to English.

## How to apply

All interested students must apply online at [www.euclid.int](http://www.euclid.int)

Government-sponsored applicants may apply online in the same manner as the general public, but they should also contact their National Point of Contact to secure formal endorsement.

The EUCLID Admissions Officer will send to all applicants an updated version of the “Admissions Checklist” which explains the required documentation to provide and the steps to be followed.

It must be emphasized that completing a distance study program at EUCLID requires determination and persistence. This same trait is expected in applicants who should not expect to be pursued by the Admissions team but rather actively pursue enrollment at EUCLID.

## Summary and Outcome

It is fair to say that EUCLID’s programs are better described as ‘distance’ rather than ‘online’ study programs. This means that students do not have to connect at a particular day and time to participate in bulletin board discussions as is often the case with ‘online’ programs.

Rather, our programs emphasize the ability to absorb

a vast amount of material on a personal basis, which makes them suitable for fast readers who on their own have a record of intense book reading and passionate interest in their field of study.

EUCLID evaluates the applicant’ interpersonal and teamwork skills—which are essential for personal and professional success—on the basis of prior experience confirmed by means of an extensive personal interview. Because EUCLID was established to serve active diplomats and other government officials, it is expected that these professional skills will have been acquired and demonstrated in the course of the applicant’s career.

In some cases, EUCLID may propose specific courses (which may not even be listed as electives) in order to bring inter-personal skills (including public speaking) to executive level.

Upon completion of the program, every student is expected to have become a subject-matter expert in a practical diplomacy.

Students planning to continue their studies with a doctorate should request the full master’s thesis option which extends the credit requirement for the MDIA.

## Frequently-Asked Questions

### ***Are scholarships and financial aid available?***

Yes, for developing country students. Applicants residing in a non-OECD country should seek information by contacting our Admissions Office or by visiting our 'Scholarships' webpage. EUCLID does not accept US Title IV financial aid.

### ***Does the distance format provide the same quality of education offered on a traditional campus?***

Yes. The dropout rate is higher with distance education because working professionals do not always realize that finding 10-15 dedicated hours of intense studying every week is a serious challenge. In terms of quality however, numerous studies have proven that distance learners perform as well or better than their on-campus counterparts. A research study (*The No Significant Difference Phenomenon* by Thomas L. Russell) cites 355 research reports, papers, and summaries showing no significant difference between distance learning and in-class learning. Where a difference was identified, it generally favored the distance-learning student.

### ***Will my diploma say "Online" degree?***

No. Graduates receive the official, traditional diploma which is bilingual French / English.

### ***Is EUCLID accredited and recognized?***

Yes, EUCLID is recognized and accredited under international law, as is confirmed by the letter of the United Nations Secretariat (O218/RCA/MP/ONU-12, dated 10 December 2012) and is verifiable from the UNESCO/IAU WHED system as well as other official resources.

### ***How long will the program last?***

The program consists of a series of courses of variable credit-value and therefore duration. The computer system will assign a target date and deadline based on the course credit value.

Effective and dedicated part-time students have

been able to complete their coursework within 18–24 months of beginning the program.

### ***Do you accept transfer credits or grant credits based on work experience and certifications?***

Yes. EUCLID may, on a case-by-case basis, assess transfer credit up to a maximum of twelve credits. While the majority of our students have years of work experience, this cannot be used as a substitute for coursework.

### ***How much does the program cost?***

Please visit the EUCLID website at [www.euclid.int](http://www.euclid.int) for an explanation of the tuition and fees for this program. You may also contact our Admissions Officer for further information regarding cost and applicable financial aid / scholarships.

### ***Where is EUCLID located?***

EUCLID has its headquarters in Bangui and Banjul, as well as liaison offices around the world. EUCLID France is located in Montpellier.

### ***Will I need to travel to Washington DC, Bangui, Brussels or Banjul, etc.?***

No. This program does not have a residency requirement.

### ***Do I need an Internet connection to qualify?***

Yes. All students must have easy and regular access to a high-speed connection, which means fast enough to conduct an international phone call / web-conference using Skype.

### ***When can I begin the program?***

Enrollment is continuous and students may typically start 2-3 weeks after being accepted.
